Venice, March 10. *N. S.*

THE Senate have elected Signor Pietro Grimani, now Ambaſſador in Ordinary to Her Majeſty, to go with the ſame Character to the Emperor. Signor Alemanni, who is appointed to carry the Cap to the new Cardinal Odeſcalchi, Nuntio in Poland, is arrived here. They write from Rome, that the Pope is perfectly recovered from his late Indiſpoſition, and hath performed ſome Functions in publick. Several Congregations of the Inquiſition have been held in his Preſence, upon the Subject of Janſeniſm. Letters from Milan bring an Account, that they had offered up Thanks in all their Churches, for the ceaſing of the Infectious Diſtemper among the Cattle in Lombardy.

Berlin, March 18. *N. S.* On the 12th the Czar ſet out from Sconhauſen, in order to purſue his Journey into Livonia. The Major-Generals Grote and Hammerſtein are arrived here from Hanover, the latter being ſent by his Electoral Highneſs with Compliments of Condoleance, upon the late King's Death, which was notified to him by the former. The Count the Lottum and the Prince of Holſtein, Governor of Pruſſia, are declared Field-Marſhals; ſo that, at preſent, there are four Officers of that Rank. Some Days ago the King went to viſit his Palaces in the Neighbourhood of this City. He hath preſented a fine Sett of Horſes to the Elector of Hanover, and another to the Electoral Prince his Son. His Majeſty's Orders for levying Troops are executed in all his Dominions with great Diligence.

Hanover, March 24. *N. S.* Monſieur de Schulenbourg, Camberlain of this Court, is gone to the King of Denmark, with the Character of Envoy from his Electoral Highneſs; Monſieur Fabrice, who was named ſome time ago to that Employment, having been excuſed upon account of his private Affairs. The Elector's Troops, that were in Britiſh Pay, are ordered to be Recruited, and all the Officers, except thoſe who are raiſing the Recruits, are commanded to their Poſts in the Low-Countries. The Princeſs of Muſcovy ſet out from Brunſwick a few Days ago, in order to meet the Prince her Huſband at Petersburg. The Czar made her Preſents of a conſiderable Value, as he paſſed by the Court of Wolfenbuttel, and hath aſſigned her Highneſs a yearly Revenue for the Maintenance of her Houſhold. Letters from Holſtein bring Advice, that the Danes have fortified themſelves at Huſum, and made ſeveral Works, upon which they have planted Cannon, to block up the Swedes more cloſely, and prevent them from making Excurſions into the Country for Subſiſtance. The Muſcovites, who are quartered in and about Frederickſtadt, have done the ſame; and there are ſome Daniſh Frigats cruiſing about the Mouth of the Eyder, to hinder any Ships from going in or coming out of that River. Great Preparations were likewiſe making for the Siege of Tonningen, as ſoon as the Seaſon of the Year will permit. It is ſaid, the Swedes want many things neceſſary for their Subſiſtance, which had cauſed ſeveral of them to deſert to the Danes, the Muſcovites having diſcouraged ſome that were coming over to them. We have received Advice from Valachia, that the King of Sweden hath been Arreſted by Order of the Sultan, and conducted Priſoner to Salonica.

Bruſſels, March 27. *N. S.* The Council of State, employ'd in the Adminiſtration of the Affairs of theſe Countries, hath of late given oppoſition to ſeveral things required of them for the advancement of the publick Service by the Plenipotentiaries of Her Majeſty and the States General. As this is directly contrary to their Inſtructions, and the Commiſſions by which they were eſtabliſhed, they have pretended to juſtify their Conduct by Authority from the Emperor's Ambaſſador at Utrecht, who hath entirely diſapproved their Proceedings; upon which, the States thought proper to Authorize Monſieur Vanderberg, their Deputy at this Place, to concert Meaſures with the Earl of Orrery for remedying thoſe Diſorders. To that End the Members of the Council were ordered to declare in Writing, That they would obſerve their Inſtructions, and acknowledge their Subordination, or abſent themſelves from the Council. But they having not only refuſed to Sign ſuch a Declaration, but alſo continued their Aſſembly, it was thought fit to revoke their Commiſſion, and appoint others in their Places. Of the old Members, only Count Chairmont, who conſented to Sign what was required of him, is continued in the preſent Council. We have lately received a large Convoy of Ammunition and other Warlike Stores from Holland. They are deſign'd for the Fortreſſes of Mons, Aeth and St. Gillain, and will be ready in a few Days to ſet out for thoſe Places, above One hundred Waggons, which were provided for that Service, being already laden. The Dutch Troops that are ordered to be cantoned in theſe Parts, continue to arrive here, and march to their reſpective Stations, but the Pruſſians, Heſſians and Saxons refuſe to furniſh their Quota, till they have received Satisfaction from the States for their Arrears. The Duke D'Oſſuna, having been preſent at the Ceremony of enregiſtring the Renunciations in the Parliament of Paris, is expected here daily in his way to Utrecht.

Utrecht, March 28. *N. S.* On the 19th the Earl of Strafford and Count Sinzendorff returned from the Hague, and the next Day the Miniſters of the States General arrived from the ſame Place. Her Majeſty's Plenipotentiaries have had frequent Conferences of late with the Miniſters of each of the Allies, as alſo with thoſe of France. The Earl of Eſſex is come hither from the Hague, as is Senior Montenegro a Nobleman of Catalonia, from that Country. Yeſterday the French Miniſters ſent an Expreſs to Paris, and this Day thoſe of Great Britain received one from thence, with Diſpatches from the Duke of Shrewsbury.

London, March 20. On Tueſday laſt the Parliament met, and was further Prorogued to Thurſday the 26th Inſtant.

Horſe-Guards, March 20. 1712-13.

By their Lordſhip's Command,

The Directors of the Royal Hoſpital for Seamen at Greenwich being about to proceed with ſome Buildings there, do give further notice, That ſuch Maſons, Carpenters, Bricklayers and Brickmakers as are deſirous, may attend the Directors at their Meeting at Dr. Mapletoft's Houſe near Guild-hall, on Thurſday the 26th Inſtant, in order to make Propoſals for the ſame, and may be informed in the mean time, in the Deſigns of the intended Buildings, by the Clerk of the Works of the ſaid Hoſpital.
